PROFILE

A highly motivated and detail-oriented Computer Engineering student with a strong foundation in software development and problem-solving; Passionate about backend development and scalable system, with a quick-learning mindset and drive to build impactful tech.

EDUCATION

Dharmsinh Desai University   **Nadiad, India**
Bachelor of Technology in Computer Engineering   **2023 – 2027**

SKILLS

Languages: C, C++, Java, Python, HTML, CSS, JavaScript
Tools & Platforms: Visual Studio Code, Eclipse IDE, POSTMAN
Frameworks: Spring Boot, Hibernate, Thymeleaf, Django, Bootstrap
Databases: MySQL, SQLite

CERTIFICATIONS

- Awarded DU-HACK 4.0 certificate for innovation and technical excellence.
- Secured Web-a-Thon Certificate and Technova Certificate from SVNIT for web innovation and creative problem-solving.
- Earned Flipkart certificate recognizing technical skill and impactful contribution

PROJECTS

CityBus – Booking System   **03/2025 – 03/2025**
Tech Stack: Java, Spring Boot, Hibernate, Thymeleaf, HTML, CSS, JS

- Designed a dynamic seat reservation system with role-based access for admins and users.
- Applied DAO pattern for database operations and handled user authentication.
- Built admin dashboard for adding buses, managing routes, and viewing bookings.

Project Management Tool   **05/2025 – 05/2025**
Tech Stack: JAVA, Spring Boot, Hibernate, HTML, CSS, JS

- Developed a full-stack project tracker with task assignment, team assignments and user roles.
- Used Hibernate ORM for handling database operations and relational mappings.
- Integrated real-time live chat and notifications to enhance team communications and updates.

Social Media Platform   **05/2025 – 05/2025**
Live Link: Social Media Platform
Tech Stack: Python, Django, HTML, CSS, JS

- Built a feature-rich platform with user profiles, posts, likes, and comments system.
- Used Django's authentication for secure access control.
- Managed user-generated content and media using Django ORM and file storage.
- Deployed the application on Render for live access and testing.

ACHIEVEMENTS

- Earned coding badges and stars on platforms like LeetCode, CodeChef, CodeStudio, and HackeRank for consistent problem solving.
- Completed NPTEL DBMS course covering ER model, SQL, normalization, and transactions.
- Qualified at the Institute level for Smart India Hackathon 2024 by contributing to on innovative tech solution as part of a collaborative team effort.
